SAP® Recognized Expertise

SAP® SuccessFactors® Talent Solutions

worklogix

Conventional Project

- Multi-Month Timeline
- 3 Iterations
- Majority Configuration Completed Manually
- Costs unclear / too high for some businesses
- Scope creep can cause costs to increase

Worklogix Package Approach

- 3-6 Weeks
- 1 Iteration
- Configuration Automatically Deployed
- $15k, $25k, or $45k Fixed Implementation Cost
- Scope clearly defined

Note: Prices do not include SuccessFactors Subscription Fees or other fees imposed by SAP.

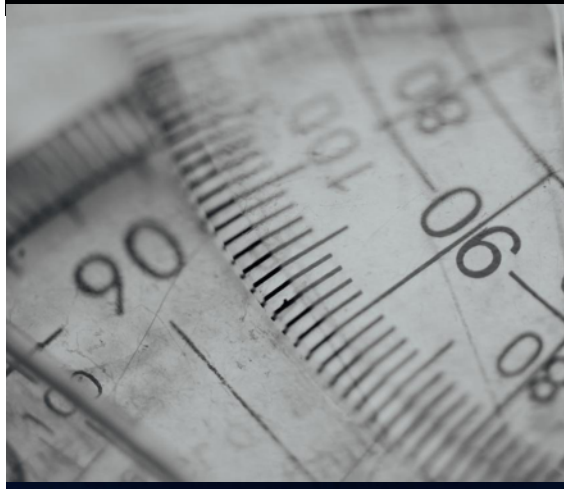
CHOOSE FROM THREE OPTIONS

PURE PERFORMANCE

- Most Rapid Option
- Optimal for organizations where one manager is involved in performance review for an employee

PERFORMANCE PLUS

- Most Performance Input in a quick timeline
- Choice for organizations where Calibration and HR are involved in the Performance Process and/or input from 3rd parties may be needed



TOTAL PERFORMANCE

- Most Robust Option
- Best for organizations wanting feedback from a variety of sources while also concentrating on employee development

worklogix

PURE PERFORMANCE OPTION

- Simple Approach to Goal Setting and Evaluation
- 3 Week Timeline
- $15k Implementation Cost
